

Pre-Approved Window Material List

The San Marino City Council has been working with the Planning and Building Department to make window and roof material changes more “user friendly”. One of the recent changes approved by the Council has been the creation of a Pre-Approved Window Material List. Subject to certain conditions, residents can now obtain a permit to upgrade their homes with a variety of window types without the need for a Design Review Committee (DRC) hearing. Many residents have been taking this opportunity to install more energy efficient and durable windows. The Pre-Approved Window Material List and Pre-Approved Roof Material list can be found on the City’s website at http://www.ci.san-marino.ca.us/form_catalog.htm. For more information, please call 626-300-0711.
